

## How You Too Can Support the Wood 4 Real Coalition

The Wood 4 Real Coalition exists because it is necessary to avoid misleading EU consumers. We want the EU to require that products which do not contain real wood - in the product or on its surface - should not use the term “wood,” or the name of a specie of wood, in their product descriptions or labels without clear disclosure of the contents of the core and surface.

The Coalition works with the consulting firm, FTI Consulting in Brussels to push for language in directives and regulations and in the transposition guidance materials.

To show your commitment, please complete the form below, then email it to [Wood4Real@fticonsulting.com](mailto:Wood4Real@fticonsulting.com) and fill in your means of support. We will follow-up with details shortly.

Kindly yours,

The Wood4Real Team
